Eric or Brian,

We have a Congressional response re: West Virginia we'd like EPA to review prior to dissemination (attached).

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Congressional members Senator John Rockefeller and Joe Manchin and Representatives Nick Rahall, Shelly Moore Capito, and David B. McKinley have written to the CDC Director expressing concern about the West Virginia chemical spill at Freedom Industries. The letter supports Governor Tomblin's request for long-term studies, and asks for regular updates about CDC plans.

Is it possible your shop could review by the end of today? We'd like to send this out ASAP.

Please let me know if I can help. Thank you very much.
